06.

CHICAGO POLICE DEPARTMENT

CHICAGO POLICE DEPARTMENT EMPLOYMENT (continued)

District Commander, District 014. (January 2015 to January 2016)

In command of a patrol district, including 300 sworn supervisors, patrol officers and detectives, and civilian personnel.

” Member of the Department’s committee for the CALEA accreditation.

” Initiated new Department-wide social media presence (Twitter, Facebook, YouTube, etc.)

CHICAGO POLICE DEPARTMENT EMPLOYMENT (continued)

Field Operations Lieutenant, Districts 015 and 025. (January 2000 to July 2000)
 Managed all field operations within a patrol district with direct supervision of patrol sergeants.

Lieutenant assigned as Deputy Chief, Chicago Housing Authority Police Department (City of Chicago / Chicago Housing Authority Transition Team). (June 1999 to January 2000)
 Initially assigned to conduct an assessment of the CHA Police Department Internal Inspections and Investigations Division, later assumed command responsibilities for the Division until its absorption by the Chicago Police Department; managed Supervising Inspector, 4 Inspectors, 3 Investigators and 1 civilian clerk. Assisted in overall Department planning, training, and personnel management; liaison to CHA Police Department Citizen's Advisory Board; liaison to the CHA Legal Department and Chicago Corporation Counsel in labor and tort litigation and labor arbitration; liaison to the US Department of Housing and Urban Development and US Department of Justice.

Lieutenant assigned as Watch Commander, District 025. (May 1999 to June 1999)
 Field Operations Lieutenant, District 025. (November 1998 to May 1999)
 Responsible for all operations of a patrol district during a single shift, including 1075 sworn and civilian personnel.

- " Prepared the District "Accomplishments and Goals" report and the District Plan for the District Commander.

Sergeant assigned as Commanding Officer, Internal Affairs Division Administration Section. (September 1995 to November 1998)
 Supported the Division Assistant Deputy Superintendent as his administrative aide. Managed the administrative staff and Information Services Unit with 4 Police Agents, 1 police officer and 1 civilian timekeeper. Initiated and tracked "Confidential" internal investigations; maintained confidential informant files; reviewed investigative files and prepared opinion and commentary on behalf of the Assistant Deputy Superintendent. Developed strategic initiatives and prepared policy documents for the Division and Department; provided liaison to prosecuting and other law enforcement agencies, the Chicago Police Board, CPD Office of Professional Standards and City of Chicago Inspector General's Office. Managed staff recruitment and development, prepared the annual budget, and maintained Division funding accounts and controlled disbursements.

- " Served as the Acting Commanding Officer of Confidential Investigations Section.
- " Deputized as a Special Federal Agent with the Federal Bureau of Investigation.
- " Managed the development and administration of two "Police Agent" promotional exam processes for investigators assigned to the Internal Affairs Division.
- " Managed a project designing a new automated misconduct tracking, case management and disciplinary records system for the CPD.
- " Member of a task force convened by the Superintendent to prepare analysis of, and a response program for domestic violence involving CPD employees.

Sector Sergeant, District 025. (August 1994 to September 1995)
 Responsible for supervising police officers within one sector of a patrol district, including disciplinary issues and community policing.

- " Assisted the Education and Training Division in the development of the training curriculum for the "Chicago Alternative Policing Strategy" (CAPS) community policing initiative

CHICAGO POLICE DEPARTMENT EMPLOYMENT (continued)

Police Officer assigned as Police Technician, Organized Crime Division Technical Services Unit. (May 1993 to August 1994)

Conducted covert audio and video surveillance (including telephone intercepts) in traditional organized crime, narcotics and street gang investigations, supported electronic countermeasures operations; assisted Department members and the Chicago Police / FBI Joint Terrorism Task Force in the operation of covert surveillance and investigation equipment and services. Conducted criminal investigations with the use of information technology, including forensic analysis; supported users of information technology within the Division; and maintained liaison with state and federal agencies regarding computer crime.

- " Prepared the annual budget requirements for technical investigative services.
- " Lead investigator for the Department's investigations of child pornography and copyright violations.
- " Member of the Field Planning Review Committee reviewing proposed Department wide policy directives

Police Officer, Organized Crime Division - Narcotics Section. (August 1992 to May 1993)
 Enforcement and surveillance officer during major city operations and for the Airport Interdiction Team. Designed, implemented and maintained information technology for both the administrative and operational needs of the Section.

- " Detailed to the Office of the Deputy Superintendent Bureau of Investigative Services where I conducted a study of homicide investigation methodology and homicide preventability. This analysis included the creation of a benchmark to measure the elapsed time and effort required to clear homicides, by their particular modus operandi and alerted the Department to a likely change in clearance rates.

Police Officer assigned as a Systems Analyst, Information Services Division. (January 1989 to August 1991)

Coordinated personal computer, local area network and mainframe systems support. This included office automation, application development and maintenance, and geographic information systems. Assisted in the preparation of Division and Department wide budgets for the acquisition of information technology, and participated in the development of short and long range strategic information technology plans for the Department. Developed curricula and conducted training classes in office automation applications design, systems design and Department information technology policy.

- " Co-chairperson of the Chicago Public Safety Communications Project (later to become the City's OEMC) Radio/Data Systems Development Group, and a staff member of the Work Stations/Radio Consoles, CAD/Graphics Displays, Management Information Systems, E-9-1, Automatic Call Distribution, Alternate Voice/Data Systems, Backup

CHICAGO POLICE DEPARTMENT EMPLOYMENT (continued)

Police Officer, District 025. (July 1982 to August 1988)

Assigned from beat/preliminary investigation patrol duties (including field training of recruits) to the Tactical Team, and then to the District Commander's staff, assisting the Review Office in data collection and analysis.

- " Member of the Superintendent's "Select Committee on Problem Oriented Policing," convened in cooperation with the Police Executive Research Forum (PERF). Co-authored a final report with recommendations for implementation of community based, problem oriented policing.
- " Principal Researcher in the Department's participation in a National Institute of Justice (NIJ) grant project "Mapping Crime In Its Community Setting", examining crime analysis by the police and the community. As a component of this project developed the "Micro-computer Assisted Police Analysis and Deployment System (MAPADS)," the precursor to the Information Collection for Automated Mapping (ICAM) and current online geographic information system.
- " Member of the Field Planning Review Committee reviewing proposed Department wide policy directives.

Investigator, Office of the Superintendent - Office of Professional Standards. (July 1980 to July 1982)

Conducted excessive force and police shooting investigations. Conducted criminal, civil and administrative investigations in conjunction with Federal law enforcement agencies, the US Attorney's Office, the Cook County State's Attorney's Office and the City of Chicago Law Department.

- " Prepared systems requirements and design for an automated disciplinary records and case management system.
