

How to download and install Autodesk products standalone Students version

Follow the steps below to download any of the Autodesk products using IIT hawk emails given by the university

1. Go to the Autodesk site <https://www.autodesk.com/education/home> and click download free software.

2. Download the software media that you need. For Example, Click on Autodesk Revit.

3. Create an account using the hawk Gmail account provided by the University

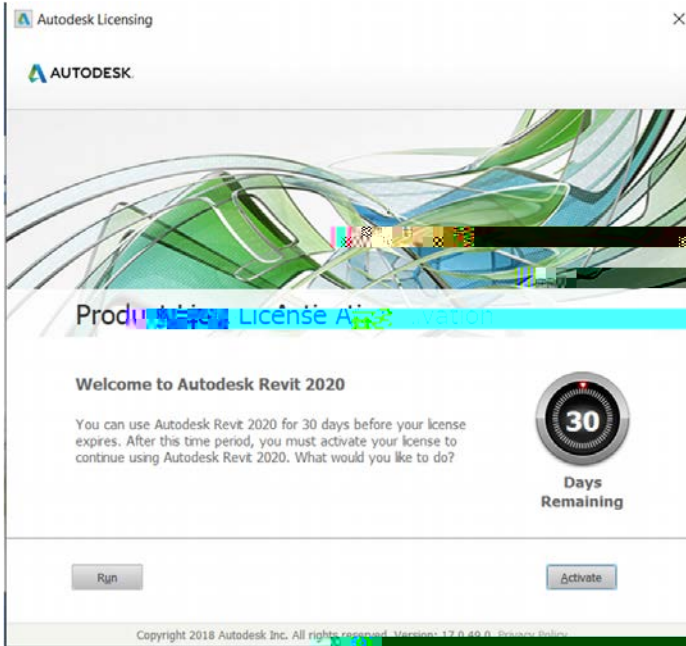

4. Enter the details for creating new Autodesk account as shown below

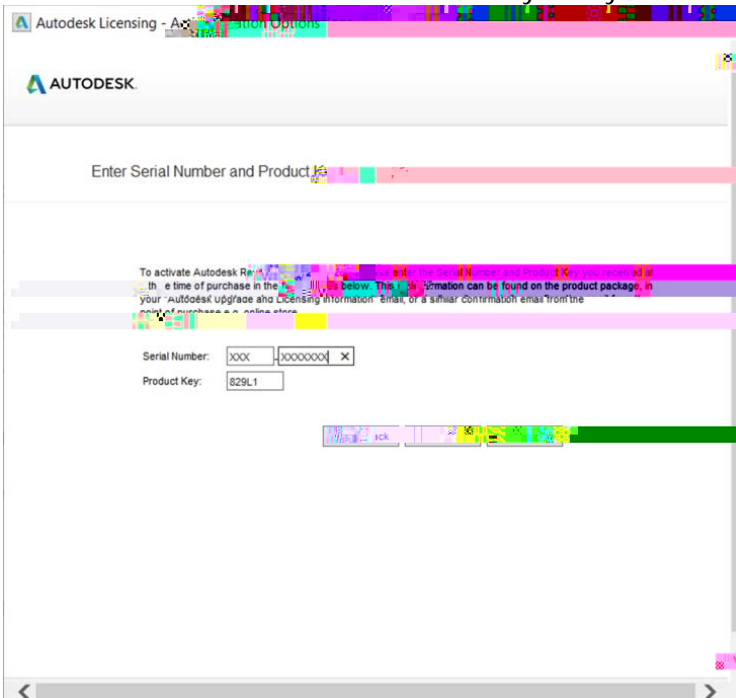

5. When the account is created, sign in and download according to your need

6. Once you have downloaded the software you will receive your education license in your email.

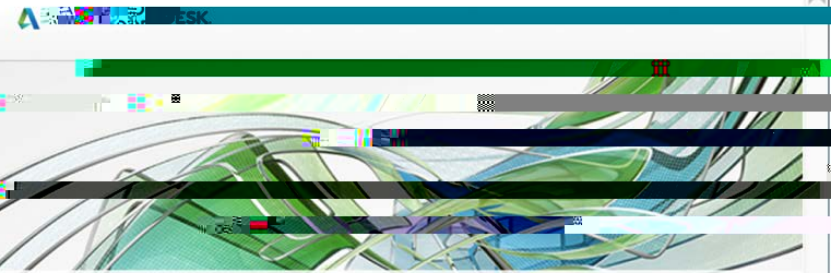

From: Autodesk Education Community <studentcommunity@autodesk.com>

9. Enter the Serial Number and Product Key that you received in your mail

10. A message will popup informing that the activation is successful and you can start using the software.

Thank You For Activating

Congratulations!
Autodesk Revit 2020 has been successfully activated.

Under the terms of your activated license, you are permitted to use the software on your computer. Uninstalling Autodesk Revit 2020 does not remove the license.

License Active

A copy of your activation information is available at:
C:\ProgramData\Autodesk\AdskLicensingService\Log\RV2020en_USRegInfo.html
